Star Paving is continuing construction on the first phase of the Westside Blvd widening project, which is expected to last through **late fall 2021**. The entire project is expected to be completed in **spring 2022**. For now, the following traffic impacts will be in place:

- **Westside Blvd** will have westbound traffic shifted and reduced to one lane west of Golf Course Rd and just east of Golf Course Rd.

Please note that the contractor will open up the straight thru lane for westbound traffic on Westside Blvd when possible, but will need to close it often for safety reasons. When there is only one westbound lane open on Westside Blvd west of Golf Course Rd, there may be delays. Motorists should seek an alternate route when possible.

- **Golf Course Rd** will have one thru lane and one right-turn lane of northbound traffic south of Westside Blvd.
- **Golf Course Rd** will have one lane of northbound traffic just north of Westside Blvd.
- **Golf Course Rd** will have one lane of southbound traffic just north of Westside Blvd.

Regular work hours are **Mon.-Fri. 7 a.m.-5 p.m.**, although the contractor may work longer hours or on weekends if needed. **The contractor will not be working on Monday, May 31, in observance of the Memorial Day holiday, but barricades will remain in place.**

All construction is weather permitting and is subject to change without notice.
